OCDLA MEMBERSHIP

Strength in Numbers. Fairness in Justice.

It can be lonely standing up to the power of the state, demanding justice and advocating for an individual's rights. It is not easy fighting to keep a kid in her home, arguing for alternative treatment programs or testifying in front of a legislative judiciary committee. Yet every day, hundreds of OCDLA members do that and more. And OCDLA is often the home base from which the defender finds resources to advance an argument, hone a legal theory and sustain a sense of purpose.

OCDLA is a community, but more akin to a family than an amorphous educational nonprofit. Our family offers the best training programs and seminars in the state. We produce trial books and aids that are the envy of the nation. And, if you really want to test our pedigree, visit the Library of Defense, which is developing into the best "find it when you need it" web resource of all. This is a family that talks to each other too. We support list serves, committees of all sorts, amicus action, expert witness databases, legislative advocacy and even great social events and BBQ's. All this helps cement us as a community, allowing both individual and collective growth.

Expert Witness Database

The Expert Witness Database contains reference information about hundreds of experts and is updated annually.

Legislative Representation

OCDLA sponsors legislation, presents the defense perspective, opposes efforts to dilute constitutional rights, and publishes a biennial *Legislative Analysis of Criminal and Juvenile Laws*. All members receive a PDF version of the *Legislative Analysis*.

Listserve

An email listserve, known as the Pond, designed exclusively for members. Send an email to: info@ocdla.org.

Public Defense Coordination

OCDLA works closely with the Office of Public Defense Services, indigent defense contractors and appointed counsel to promote a fair system of public defense.

Publications

OCDLA trial books and guides are the best anywhere: Laminated Guides:

- *Criminal Law Formbook*
- *DUII Trial Notebook*
- *Felony Sentencing in Oregon: Guidelines, Statutes, Cases*
- *Investigator's Manual*
- *Legislative Analysis*

Website—www.ocdla.org

OCDLA's website offers all the services you would expect and so much more. Sure, you can download motions and memoranda, sign up for seminars, order and download publications, search the current roster of members or find helpful links to other websites relating to law and criminal defense. But you can also visit the Library of Defense, a vast and growing collection of helpful and up-to-date defense related information, which allows members to find exactly what you need when you need it.

Amicus Curiae Committee Guidelines

(adopted 9/16/95)

The following procedure and guidelines have been established for OCDLA Amicus Curiae Committee requests and assistance:

I. Procedure

- A. A written request for *amicus curiae* assistance should be made by letter or fax to the committee chair. The request should include (1) a concise statement of the case, including its procedural background, the legal issues involved, the reasons why the case has broad importance, and the reasons for OCDLA intervention; and (2) supporting documentation—such as appellate briefs, court opinions, and the petition for review—to enable the committee to fully analyze the request. See generally ORAP 9.07. Requesting counsel may wish to initially phone any committee member to discuss the case and the appropriate contents to be included in the request.
- B. The request will be photocopied and mailed to committee members for their prompt review. If the committee decides that *amicus* intervention is appropriate, the chair will consult with the OCDLA President to determine whether the case raises a controversial issue requiring a full review and decision by the Board of Directors.
- C. After a final decision is reached, the requesting counsel will be notified of the decision.
- D. The requesting attorney and the committee shall work together to locate an OCDLA member with substantial appellate experience who is willing to serve as the *amicus* author. The *amicus* attorney shall consult with the committee chair before completing the *amicus* brief. The *amicus* attorney shall file copies of the *amicus* application, *amicus* brief, and the court's decision with the OCDLA office.

II. Guidelines

- A. The committee will consider the following factors in deciding whether to enter as *amicus curiae* in a proceeding:
 1. The importance of the case to OCDLA goals.
 2. Whether the case will advance OCDLA's special values including:
 - a. A strong and independent defense bar.
 - b. The right of effective assistance of counsel for accused persons.
 - c. The defense of accused persons subjected to public prejudice.
 3. The extent of OCDLA membership support for the positions to be advocated.
 4. The complexity of the case.
 5. Whether the claimed error is preserved.
 6. The anticipated quality of direct advocacy by the requesting attorney.
 7. Whether the case will have precedential value.
 8. Other relevant factors set forth in ORAP 9.07.
- B. Absent unusual circumstances, OCDLA will defer appearing as *amicus curiae* until a case reaches the Oregon Supreme Court or the United States Court of Appeals for the Ninth Circuit.

"Great Job, Alex"

In **Mental Health & Criminal Defense**, Alex Bassos, JD, expertly analyzes every aspect of a criminal case involving clients with mental health or cognitive issues and challenges attorneys to "push back against the state's attempts to punish a person for having a mental illness." From reminding us that "diminished capacity" doesn't appear in the Oregon Revised Statutes to exhorting us to hold the state to its burden of proving the mental state of the charged crime, from the how-tos of civil commitment including the mental health exam, to the defense of GEI, Bassos delivers compelling arguments on every page. Included are impeccable chapters on dangerousness and crossing the mental health expert, as well as a thorough glossary and a chapter covering everything you need to know about clinical assessment and testing.

A tour de force, with major contributions by Keith I. Linn, PsyD.

"The OCDLA publication, **Mental Health & Criminal Defense** has everything you need to know on [Fitness to Proceed/Diminished Capacity]. Based on two recent cases I have handled, I consider it essential to running an aid and assist case.. No one who defends people accused of crimes should be without this incredible book."

—Gordon Mallon, Past President 2007–2008

"The manual provides a road map to GEI, aid & assist issues, civil commitment procedures and much more; if it is in the ORS and has to do with mental health issues, **Mental Health & Criminal Defense** will show you how to navigate it. It is not often that someone we all know to be the best at something produces a manual showing how he does it. When that happens, as it has here, we need to take advantage of it."

—Cate Wollam, Past President 2009–2010
